

The Oakbrook Terrace Park District is excited to begin the next phase of reopening! It has been so nice to offer some programs and amenities these last few weeks and we are looking forward to continuing to serve our community in an even greater capacity.

Staff has been and will continue to plan for the return of programming and reopening of facilities in accordance with the State of Illinois' Restore Illinois plan. We are monitoring the progress as we move through the phases of this plan, and we are prepared to adjust our plan as necessary.
